

Runnymede Community Safety Partnership

Partnership Plan 2019-22

Background

The 1998 Crime and Disorder Act gave local agencies shared responsibility for developing and introducing strategies to reduce crime and disorder in their area. The agencies come together as the Community Safety Partnership (CSP), known locally as the Runnymede Community Safety Partnership. Statutory members include:

- Surrey Police
- Runnymede Borough Council
- Surrey County Council
- Surrey Fire and Rescue Service
- National Probation Service
- Kent, Surrey and Sussex Community Rehabilitation Company
- North West Surrey Clinical Commissioning Group

Surrey Community Safety Board

In two tier areas such as Surrey, there is a requirement for a county level strategy group. In Surrey the multi agency Community Safety Board fulfils this duty. The Community Safety Board is chaired by the Police and Crime Commissioner for Surrey and includes a wide range of partners that oversee the development of strategies and plans that aim to increase the sense of safety of

the people of Surrey. The Community Safety Board works collaboratively with other county boards to ensure effective strategic join up.

The key county-wide priorities for 2018-19 are expected to be the same as 2019-20. The following will be overseen by the Community Safety Board:

Tier one priorities (the primary focus of the CSB):

- High Harm Crime (Child Sexual Exploitation, Serious Organised Crime including Human Trafficking and Modern Slavery)
- Prevent
- Domestic Abuse

Tier two priorities (CSB will have oversight):

- Anti-Social Behaviour
- Mental Health Crisis
- Re-Offending
- Resilience
- Road Safety
- Substance Misuse

Surrey Police and Crime Commissioner

David Munro was elected as the Police and Crime Commissioner for Surrey in May 2016. He is responsible for overseeing the work of Surrey Police, holding the Chief Constable to account and helping to tackle crime issues in Surrey in accordance with his Police and Crime Plan.

The Police and Crime Commissioner is also responsible for commissioning services that support victims, improve community safety, tackle drug use and crime, and reduce re-offending.

Strategic Assessment and Data Collection

Annually the CSP conducts a strategic assessment of crime and disorder and consults with the community regarding areas of concern. Following the assessment emerging partnership priorities and action plans are agreed. They were identified by an analysis of key data sets, a review of national and regional targets and draw on the knowledge and experience of local partnership officers.

For each priority issue, we will use the following methods to address them via established partnership delivery mechanism, including:

- JAG: The Joint Action Group (JAG) is a multi agency problem solving group which deals with problem locations in the borough and meets every six or seven weeks. They consider issues including antisocial behaviour, drug activity and criminal damage.
- SOC JAG: This is a new part to the JAG meeting that discusses problem areas related to Serious Organised Crime (SOC), such as County Lines, cuckooing, modern slavery and human trafficking.
- CHaRMM: The Community Harm and Risk Management meeting (CHaRMM) is a multi agency problem solving group which supports victims and deals with problem individuals or families in the borough and meets every six weeks.
- PPOMP: Priority and Other Prolific Offenders Management Panel meets monthly, works with prolific offenders and fast tracks them through the Criminal Justice System.
- MAPPA: Multi-agency Public Protection Agreement meets monthly and monitors dangerous individuals, including sex offenders.
- MARAC: Multi Agency Risk Assessment Conference where high risk domestic abuse cases are assessed and appropriate actions agreed on a monthly basis.

- RMM: Risk Management Meeting meets weekly to monitor and risk assess missing and exploited children.
- MOLT Intelligence Group: Mapping Offenders Locations and Trends – a new multi-professional child exploitation intelligence meeting designed to safeguard children at risk of exploitation through sharing key intelligence around mapping offenders locations and trends - that is specific to locality and perpetrator risk. It meets bimonthly.
- MASH: The Surrey Multi-Agency Safeguarding Hub (MASH) is the initial point of contact that aims to improve the safeguarding response for children and adults at risk of abuse or neglect through better information sharing and high-quality and timely responses.
- Domestic Abuse Forum is a multi-agency group that helps to deliver the county domestic abuse strategy at a local level.
- Domestic Abuse Management Board meets quarterly and oversees county wide domestic abuse work, including any campaigns.
- The Family Support Programme is a programme of intensive support offered to the most vulnerable and/or chaotic families in the borough to help them achieve positive changes in their lives.
- Youth Engagement Scheme (YES) run by Surrey Fire and Rescue Service, which is aimed at addressing anti-social behaviour, youth crime, low self esteem and low motivation for those aged 14-17.
- Voluntary organisation networks, including Runnymede Neighbourhood Watch, Crimestoppers.

Where the issue identified is the core responsibility of one of the partner agencies this will be dealt with through those particular agencies business processes. This includes the local authority's plans, relevant Clinical Commissioning Groups plans, the Surrey Fire and Rescue Local Station Plan for Runnymede, and the Local Policing Plan.

Delivery and Review Mechanism

The Runnymede Community Safety Partnership has established delivery mechanisms through a series of multi-agency problem solving groups, such as CHaRMM and JAG. Delivery is monitored through regular meetings and will be reported to the Runnymede Community Safety Partnership on a quarterly basis.

Funding

A small amount of funding is available to the CSP to support the priorities contained within this plan, otherwise work is supported by core funding from the various partner organisations. In addition funding bids are made, for example to the Police and Crime Commissioner's grant scheme.
